REMERCIEMENTS

Je tiens à exprimer ma gratitude à Zoltàn Kodàly pour son oeuvre ainsi qu'au personnel de l'Institut qui porte son nom pour l'attention et la formation exceptionnelle que j'y ai reçue, à Madame Jacquotte Ribière-Raverlat, grande pionnière de l'éducation musicale kodaliennne française pour ses ouvrages et tout particulièrement pour avoir découvert et présenté les tournures mélodiques récurrentes de la chanson folklorique française, à Conrad Laforte pour ses ouvrages et tout particulièrement pour son *Catalogue de la chanson folklorique française*, à William Lemit et Constantin Brăiloiu pour leurs travaux respectifs en ethnomusicologie, à Jean-Jacques Nattiez, mon directeur de recherche, qui a présenté les critères nous permettant de parler de la musique comme langage, à Louis Rose, Mélanie Gratton-Gingras et Mostafa Fadli pour leur aide en micro-informatique, à Pierre Bourret qui a révisé les textes et à mon épouse Angelina pour son soutien indéfectible.

Jean Lassalle, web, 2021

Nous appuyant sur le rythme enfantin¹ et sur l'heureuse concordance prosodique des enfantines de langue française² nous avons composé les poèmes enfantins de ce cahier pour servir d'expérience d'apprentissage de base à l'acquisition des voyelles simples et de leur son.

Enracinés dans la tradition orale et facilement mémorisables, ces poèmes doivent être transmis oralement en faisant la pulsation, puis mimés ou dramatisés dans toute la mesure du possible.

En ce qui concerne la calligraphie, nous

avons adopté le script évolutif³, car il facilite le passage du script à l'écriture cursive.

En prévention des difficultés d'apprentissage, nous présentons les gestes de la méthode Borel-Maisonny qui a fait ses preuves en ce domaine.

Conscients du fait que la langue parlée commence véritablement avec les mots (morphologie), nous espérons que les activités de ce cahier, quoiqu'orientées principalement vers l'aspect phonétique, contribueront à bien préparer les enfants à la lecture.
